### General:

The baptism record for Henry Cowley was found whilst looking at the Sussex Family History Group records. I also found a burial record for a 'Henry Cowley' just two months after the baptism. There is no reference to Henry in the 1851 census and I have therefore concluded that he died just a short time after his birth.

2. Sussex Family History Group, Recorded in Brighton St. Nicholas. Baptism record shows parents as Francis and Emma.
3. Sussex Family History Group, SFHG entry shows abode as 'Prince Albert Street' which is the address for Francis Cowley and Emma. Also ties in with baptism record. No record of Henry has been found in the 1851 census when he would have been age 9 and therefore still living with parents.
